At-One Initial Educational Assessment

To include some / most of the following:

Review of School progress

Learning modes and strengths

Communication skills

Checking for Developmental delay (can be masked, especially in very bright children)

Checking for Neurological delay

Laterality

Vision (how the brain sees)

Auditory processing

Reading and spelling ages

Assessment for any Learning delay or Specific Learning Difficulties

Handwriting study

Non- verbal ability

Vocabulary level

Health aspects (often affect learning)

Looking at sleep, relaxation, nutrients, supplements

Finding the root causes of any difficulties and suggesting effective ways to remediate them.

Then the child / teenager feels At-One with life:

calm, comfortable, creative; communicative with words rather than behaviours;
happy and purposeful.

*Including initial questionnaires discussion; parental follow-up discussion
without the child, short report*

Total: £250

Please pay cash at assessment, or use transfer

Further follow-up sessions with parents or the child are £65 per hour.
